Workforce Management Solution

A great vision, a decisive beginning

## THE COMPANY

### **Who are we?**

We were born in 2000 with a visionary objective of bringing the then high-tech fingerprint technology normally used by government sector into a technology that is viable, affordable and reachable by mass commercial market in time and attendance and access control industry. Today, the brand FingerTec has its presence in over 150 countries around the world.

### **Our vision**

Foreseeing the future trend of cloud computing in time and attendance, we have created TimeTec Cloud, an endeavor to spearhead the expansion of our workforce management solutions.

### **We make things easy**

That is our promise to customers who have placed their trust in our brand FingerTec and products. We extended our promise, We Make Things Easy to include TimeTec Cloud, and turned the sophisticated system to an ease-of-use system for all types and all sizes of organizations.

When mankind starts to time,  
the value tends to multiply

# THE CLOCKING DEVICES & TIMETEC CLOUD

Efficiency is key in any business organization – the mismanagement of staff's time & effort will only hold a company back. The usage of advanced time clocking devices and TimeTec Cloud automate Time & Attendance system will help your company operates at its full potential.

## Time clocking devices

- Minimizes data & human error
- Enforces pay & attendance policies
- Reduces overall cost, maximizes gain
- Operates quickly and conveniently

## TimeTec Cloud

- Centralizes all clocking data
- Performs comprehensive functions in a friendly UI
- Reduces manual and timely admin tasks
- Ensures application of work & pay rules

# THE MOBILE CLOCKING DEVICES

## Mobile electronic gadgets with apps

TimeTec Mobile app is a real-time solution aimed at providing maximum convenience and flexibility especially to industries that have staff who are constantly on-the-move, enabling them to report their attendance wherever they are. Supervisors can experience the convenience of tracking and enforcing attendance policies easier than before, as the TimeTec Mobile connects to the TimeTec server, allowing employees and superiors to use their smartphones to clock-in their attendance with geolocation tag, view attendance sheets and print out attendance reports.

TimeTec Mobile app is available on iOS, Android and BlackBerry.

Download your TimeTec mobile app now!

Corporate efficiency starts from a simple time clocking

# THE BIOMETRICS & CARD CLOCKING DEVICES

## Stationary time clocking devices

FingerTec time clocking devices offers various biometrics and RFID card verification methods, can be installed easily in the office, accurately and efficiently taking the clocking times of every staff when they come to work and leave the office. All time data can be easily and seamlessly uploaded to TimeTec Cloud Server via broadband/LAN in real time.

Personal computer can be used as alternative stationary time clocking device if FingerTec device is not installed. TimeTec Cloud provides a web check-in page for users to clock in and out online.

## THE PROCESS

### **Data collecting, viewing & scheduling**

TimeTec Cloud automates your process of time data collection and seamlessly integrates with FingerTec Biometrics identification devices to eliminate 'buddy-punching' and to collect time data.

### **Time and attendance processing**

TimeTec Cloud is flexible, easy to use, and is able to handle complex time and attendance rules in most organizations.

### **System and data management**

TimeTec Cloud offers easy and automatic daily full system data backup and simplified full system recovery.

### **Reporting and editing**

Employees' attendance data is valuable for companies, as the data can be used to generate relevant reports to help manage your business.

### **Interface with third party system**

TimeTec Cloud has an open architecture, enabling it to provide maximum flexibility for integrating time and attendance information with your existing system, eg. payroll.
